

## FMC-02

The AG Neovo FMC-02 is an easy to move and adjust floor mounting cart for large-sized displays in public and multi-user environments.

Combined with the durable and lightweight design, the FMC-02 floor mounting cart allows easy movement of displays. This mobile mount features a smart cable management structure and lockable wheels to ensure the display remains secure. The FMC-02 is a modular mounting set for mobile installation, consisting of a dark grey wheeled frame, aluminium column and a dark grey bracket for the display. The FMC-02 is ideal for large-sized displays in public and multi-user environments.

- > Durable design for multi-user environments
- > Landscape or portrait display orientation
- > Display height adjustable up to 1,826mm (centre display)
- > Tilt up and down from 10° to -13°
